

National Center for Theoretical Sciences

Recruitment of Research Assistants

The National Center for Theoretical Sciences (hereafter referred to as NCTS) establishes positions of Research Assistant for those who hold a bachelor's or master's degree, and aspire to carry out research in the field of theoretical sciences.

Research assistant shall participate in research activities held at NCTS and conduct research independently under the supervision of mentors. They shall participate in research activities of at least one topical program.

Research assistants with bachelor's degree shall take at least two master-level courses or doctoral-level courses, those with master's degree shall take at least two doctoral-level courses; the requirement can be waived with approval of Director of NCTS.

Monthly salary is NTD 28,840 for holders of master's degree and NTD 24,720 for holders of bachelor's degree (labor and health insurance included). Research assistants are able to reside at universities or institutions other than NCTS and mentored by professors there.

This will be a half year appointment starting from February or August, renewable to one year subject to performance. The period of appointment may be modified according to the applicant's term of enlistment.

Application:

1. Required documents: CV, two reference letters, transcript, and any other documents that will support the application.
2. Shortlisted applicant who passes the interview will meet and discuss with his/her selected mentor and draft a research plan. The applicant will be offered the appointment when the research plan has been reviewed and approved.
