

One day combinatorics workshop

Date: July 21, 2020

Venue: R202 Astro-Math Bldg.

Aim and Scope

For promoting the research area of combinatorics and graph theory, we should get together for the researchers in this area to share and to communicate with each other about the math problems and the technique. This summer, we luckily have Hung-Hsun Yu at MIT and Ting-Wei Chao at CMU backing Taiwan during their summer vacation. This would be a good chance for us to have a nice international interactive discussion.

Invited Speakers:

Ting-Wei Chao	Carnegie Mellon University
Hong-Bin Chen	National Chung Hsing University
Yen-chi Roger Lin	National Taiwan Normal University
Chin-Hung Lin	National Sun Yat-sen University
Chun-Yen Shen	National Taiwan University
Hung-Hsun Yu	Massachusetts Institute of Technology
Wei-Hsuan Yu	National Central University
